

This is an incomplete list of vendors whose invoices we can attach to the Payment Request form in BearBuy. In other words, for these vendors, it's not necessary to submit a cart in advance of the service or the receiving of the goods. Keep in mind, for the restaurants, it's necessary to attach a signed Entertainment form along with the invoice.

It's not possible to keep track of all the vendors who fit this definition, because restaurants and hotels go out of business frequently, or change names, and new businesses open. If you're working with a vendor who's not listed here and aren't sure whether a PO needs to be set up in advance, please contact physi-finance@lists.berkeley.edu.
